

Strategies to Maximize Value Per Pound

Streamlined Supply Chain to Lower Invar Plate Cost

Closed Loop Scrap Reclamation Service

- Re-Steel scrap bins on-site at customer locations
- No charge for hauling or provision of equipment
- Certified weight tickets
- Credits may be applied to customer invoices

Re-Steel Tooling Kits

- Shapes cut to customer specification (CATIA, STEP, DXF & DWG)
- Scrap credits issued upfront

Obsolete Tools

- Out of service tools exchanged for raw material to build new tools
